

We encourage individuals and families to support each other; we assist in developing groups and natural community relationships and connections.

As an affiliated chapter of The Arc of Pennsylvania and The Arc of the United States, we work to improve the systems of supports and services, connect families, inspire communities, and influence public policy.

The Arc of Washington County is a not-for-profit organization that assists people with disabilities of all ages to live fulfilling lives in the community.

Founded in 1952

Advocacy & Resources

Our goals are simple:
**Advocacy, Assurance,
Assistance and
Accessibility**

The Arc of Washington County provides a much needed resource for individuals with disabilities and their families.

The Arc of Washington County hosts ongoing informative workshops for individuals and families on a variety of important topics that are relevant to their interests and specific needs.

We offer specialized training for educational personnel, providers, individuals and family members.

We are constantly looking for new and innovative ways to support and connect families through awareness, education, and community support.

We exist to help individuals and families receive the level of services that they need.

We offer professional support to navigate and explain the ever-changing intellectual, developmental, mental health and educational systems.

We Advocate for the rights and full participation of all children and adults with intellectual and developmental disabilities. We are also available to assist individuals and their families to ensure that their educational needs are being met.

Become a “Friend of the Arc of Washington County” by downloading the form off the website and receive the most up to date information, newsletters educational training and workshops, social events and activities.
